

FIRE SAFETY CONSULTANTS, INC.

Payment Methods

Current building and fire codes allow the code official to hire a third-party consulting firm for plan review and inspection services. FSCI offers competitive fees for quality fire protection and building plan review, inspection, and consulting services. No matter the payment method, the governmental entity (client) receives quick, efficient, and code compliant plan reviews.

FSCI can be paid in the following ways:

1. Contractor pays fees directly to FSCI
- or
2. Client pay fees directly to FSCI with the client recouping the fees from the building owner, developer, or contractor

FSCI accepts all forms of payments including credit cards. The firm has complete insurance coverage including General Liability, Automobile, Workers' Compensation Insurance, and Professional Liability (Errors and Omissions) insurance.
