

# FIRE SAFETY CONSULTANTS, INC.

## Plan Review Services

FSCI is your third-party plan review expert.

Plan reviews include:

- Building code
- Life safety
- MEP (mechanical, electrical, plumbing)
- Accessibility
- Fire code
- Fire sprinkler
- Fire alarm
- Kitchen hood and mechanical
- Clean agent/gas suppression system
- Special hazards

As part of FSCI plan review services we provide:

- A single fee for plan reviews per discipline, typically additional reviews are performed at no additional charge
- Staff members are available to answer client questions, project meetings, or conference calls throughout the review process
- Turnaround time kept to less than 10 business days under normal circumstances
- Electronic Plan Review, Commissioning, Acceptance Testing, and Inspections are available for an additional fee

Plan review comments are designed around a formatted, technical letter that is custom designed to your needs.

- Local building or fire code official's interpretations
- Municipal amendments to the adopted codes
- Adopted code appendix or annex information
- Jurisdictional information for different service areas
